Dear Mrs. Solovjova,

It is with great pleasure that our School welcome your proposal to cooperate together to promote the concept of Global Citizenship.

The school I run is not new to the exchange of good educational practices with other Institutions all over Europe, since we consider it the best way to work for a real integration among different peoples and cultures.

I would like to submit to your kind attention the following activities, that could be part of our Project:

- Presentation of the two school realities, both Russian and Italian, through Skype (we will arrange a suitable date);
- Protocol of Intent between our two Institutions. I could send you a draft of it, you can modify or implement with ideas and suggestions.
- Finally, we would be very pleased to participate to the contest of the "World Metropolis Olympics", which are held in Moscow every year, as Mr. Giuseppe Lo Porto informed me of. It would be important to know which competences are requested from our students and the age of the participants.

Confident of a substantial partnership between our two Institution and looking forward to hearing from you soon

Kind Regards
Mrs Elisamarzia Vitaliano
School Principal
